I can't think of a better way to honor my mentor and cherished friend Rippy, than to carry on his legacy by running for the remainder of his seat on the Town Council. We shared many of the same values as well as a similar vision for Charlestown:

- * Preserving the rural character while balancing the rights of property owners
- * The use of Ninigret Park for all to enjoy
- * The continued restoration of The Breachway and Charlestown Beach Road
- * Preserving the ecosystem of Ninigret Pond
- * Monitoring ground water to ensure safety of our drinking water, coastal waters and salt ponds
- * Maintaining the many town acquired acres of conservation and recreational areas
